

TrueTandem Awarded OASIS Small Business Pool 1

The General Services Administration has unveiled the lists of apparent successful vendors for pools 1, 3 and 4 of the One Acquisition Solution for Integrated Services – Small Business contract vehicle. [TrueTandem](#) is proud to be an award recipient and congratulates the other awarded vendors.

GSA [issued](#) an on-ramp solicitation in April 2019 for OASIS SB pools 1, 3 and 4 and the three notices published Tuesday say there are [84 companies](#) selected for the third phase of Pool 1, 163 awardees for Pool 3 and 64 companies for Pool 4.

GSA awarded the initial and second phases for the first pool of OASIS SB on a rolling basis. OASIS SB is a family of seven governmentwide multiple-award, indefinite-delivery/indefinite-quantity task order contracts or “pools” aimed at providing services to all federal agencies to help meet their professional service mission requirements. The contract vehicle’s scope includes communication, defense, health, security, transportation, compliance, environment, energy, disaster, financial and intelligence.

TrueTandem aims to deliver more power to your business through technology implementation, integration, optimization and customization. Since 2009, TrueTandem has successfully primed nearly 300 federal engagements, across almost all federal agencies. We enable some of the most well-known companies, nonprofits and federal agencies in the United States to intelligently plan and develop their applications, modernize their infrastructure and manage their data.
